Is often rolled up in a prescription. The greatest doctor in the world may write it, but if the druggist doesn't do his part, or does it wrong, the doctor is useless.

We don't claim any extraordinary virtue, but we can truthfully say that compounding prescriptions is the work we do best in life. It isn't a little thing either. Every drug must be perfectly fresh—directions followed with scrupulous care. Bring us your prescriptions.

Longfellow knew the soothing power of music; he knew its grand influence for good. A home without a piano or music of some sort doesn't seem quite a home; something seems to be wanting. It's easy enough to have music in the house nowadays. Pocket your doubts, and come to us. We'll soon show you the way.

#### Rioting in Brazil.

By Associated Press.  
Rio de Janeiro, June 19.—Great indignation and excitement is aroused here by charging an increased fare on the Sao Christovao street railroad. Some cars were burned by rioters Monday night and Tuesday. The police and cavalry charged on the rioters, killing four persons and wounding 20. The disturbances continued today and several persons were injured, but the excitement is abating. There is no political significance to the rioting.

The expressions of grateful women who have experienced wonderful blessings using Rocky Mountain Tea, compensates us for our efforts in their behalf.
